When Adventure Becomes Experience

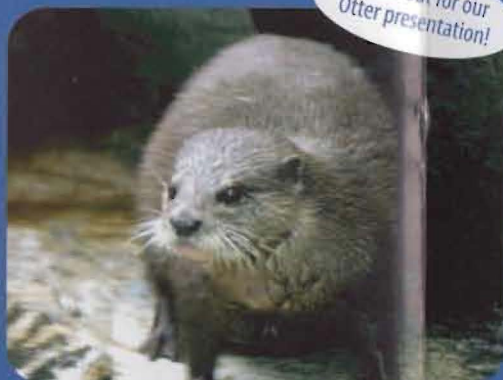

An exciting and educational journey awaits you at Underwater World Langkawi (UWL). Featuring themed sections such as the fascinating Tropical Rainforest, the spectacular Temperate World, the engaging Sub-Antarctic Climate and the abundant Freshwater and Marine Life sections; be amazed by over 4000 animals and aquatic life forms on display.

Freshwater Section

Features an array of freshwater fish and aquatic life forms from the waters of Southeast Asia, the Amazon, Africa and Australia. Other features include a Touch Pool, Koi and Otter Ponds.

Watch out for our Otter presentation!

Fresh Water & Marine Life

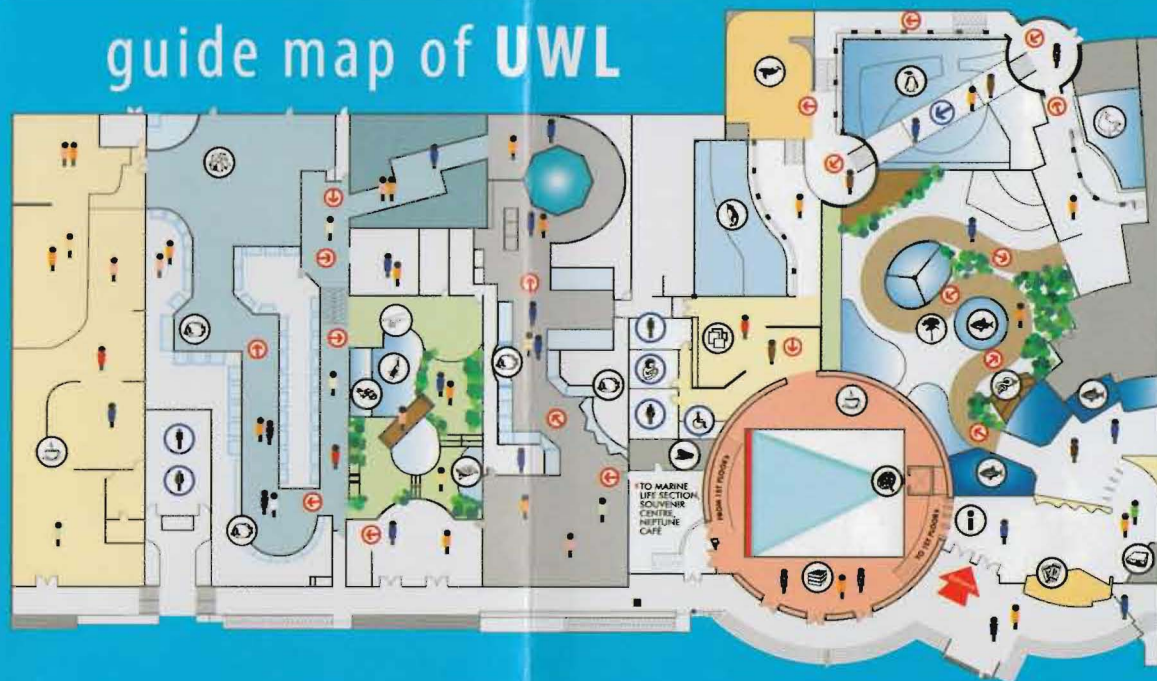

Marine Life Section

Features UWL's outstanding 50-foot Tunnel Tank. Themed 'Sunken Ship', be amazed by exhibits such as Sharks, Giant Sting Rays, Hawksbill Turtle and Giant Groupers.

This section also features UWL's unique Hexagonal Tank and numerous individual tanks housing fascinating species of fish such as the Butterfly Fish, Moray Eels, Sea Dragons and Lion Fish.
